

Andreea Ilie

ACMA, CGMA | Partner

Andreea began her career with MDD's London office almost 20 years ago. She moved to Singapore in 2007 to help the continued growth of MDD's first Asia-Pacific location and is now a Partner at the firm.

She has significant experience evaluating the impact of **catastrophes** throughout the world, and most notably, is known for her in-depth knowledge of the claims process in Southeast Asia.

Fluent in French and Romanian, Andreea assists her clients by quantifying damages related to **business interruption**, contingent business interruption, **extra expenses**, **stock losses**, **fraud** investigation, and many other practice areas, with a particular interest in the Energy sector.

Andreea concentrates on quantifying economic damages for matters related to **business interruption** and **stock & contents**. Additionally, she has significant **catastrophe services** experience gained while evaluating the impact of Hurricane Ivan, the Christchurch earthquakes and the Thailand floods.

Andreea has provided **litigation** support services and has assisted in the preparation of expert witness reports.

She has presented seminars and training sessions to organizations across Asia and the UK.

Andreea has a Master of Business Administration degree and is a member of the Chartered Institute of Management Accountants.
