MDD
A Davies Company

John Foley

CPA, CFF | Partner

John joined MDD Forensic Accountants' New York office in 1981. As one of the firm's senior partners, he is a long-time member of MDD's U.S. and Global Executive Committees.

John is a forensic and investigative accounting professional with over 40 years of experience. He is an expert at quantifying damages as they apply to business interruption, extra expenses, physical damages, fraud, products liability & recall, lost profits and catastrophe services matters.

John has been involved in engagements in a wide range of industries such as chemical manufacturing, construction, mining, entertainment, steel, food processing, lumber, telecommunications, petrochemicals, pharmaceuticals, medical services and energy.

John has provided expert witness testimony in Federal and state courts and has assisted lawyers in breach of contract cases and arbitrations.

He has conducted seminars and workshops on numerous topics such as insurance values.

John is a graduate of Pace University where he received his Bachelor of Science degree.
