Meghan Finigan

Senior Manager

Meghan joined MDD Forensic Accountants in 2005. She is a Senior Manager at the firm's San Francisco office.

As a forensic accounting expert, Meghan has worked on assignments across most of our practice areas. Meghan's practice has concentrated on matters related to builders' risk claims & soft costs claims, business interruption, cyber risks, extra expenses, personal injury & wrongful death, product liability & product recall and stock & contents losses. In addition, she has been actively involved in the catastrophe services area, quantifying economic damages resulting from natural disasters in Japan, Thailand & most recently the U.S.

Meghan has worked on assignments that have ranged in magnitude from under $1,000 to in excess of $500 million. Her industry experience has spanned a wide range of sectors including agriculture, construction, financial services, food services, healthcare, hospitality, manufacturing, pharmaceutical, professional services & retail.

Meghan has presented seminars and workshops on business interruption and cyber risks.

She received her Bachelor of Arts in Business Management Economics, with an emphasis in Accounting from the University of California, Santa Cruz.
