Brendan Gray

CPA, MBA Partner

Brendan joined MDD Forensic Accountants' New York office as a Partner in 2024.

Brendan has over 10 years of forensic accounting experience and has worked on claims valued as high as a billion dollars. He has worked on countless insurance claims and legal disputes related to product recall, CGL, and mass-tort matters. While focusing on traditional claims analysis, including business interruption, Brendan also specializes in the development of analytical models and other decision-making tools to assist clients in managing complex claims and data. This includes matters involving Asbestos, Hazardous Waste, Sexual Abuse, and Molestation, Opioids, Concussive Injuries, PFAS/AFFF (BI and PD), Lead, Benzene, Diacetyl, Medical Devices, and Pharmaceuticals.

In addition to the above, Brendan's practice also encompasses commercial disputes, employee dishonesty & fraud, fidelity claims, and marine claims. He also has experience across a wide variety of industries, including food services, automotive, financial services, pharmaceuticals, manufacturing, maritime, and professional services. Brendan has provided litigation support to clients, assisted in the preparation for expert witness testimony, and has qualified as an expert witness. He has also attended and assisted in depositions of opposing experts as well as mediations.

He has presented numerous seminars and CLE trainings in both the legal and insurance sectors on PFAS, Fidelity, Product Recall, and complex claims. This includes the management of data and the use of analytical modeling in complex matters.

Brendan graduated from the University of Scranton with a Bachelor of Science in Accounting and a Master of Business Administration with an Accounting focus. He also holds his Certified Public Accountant designation.
