MDD
A Davies Company

Brandon Doellingen

Sec+ | Manager/Technical Advisor

Brandon joined MDD Forensic Accountants New York office in 2025. He is a Manager/Technical Advisor in the firm's global cyber practice. His background spans public accounting and audit, along with specialized expertise in cyber and technology advisory, cybersecurity, digital forensics, and incident response.

In addition to his technical background, Brandon has a strong foundation in management and consulting, enabling him to provide both strategic guidance and hands on support in complex cyber investigations. His diverse skill set allows him to bridge the gap between financial forensics and cybersecurity, delivering practical solutions to clients facing evolving digital threats.

Brandon is a U.S. Navy veteran. He earned a Bachelor of Science degree in Accounting and Information Systems from the University of Colorado in Colorado Springs. He is also a certified instructor in multiple disciplines.
