Dawn Riddle

Director of Business Development - West Coast Region - US

Dawn joined MDD Forensic Accountants in 2026. She is the firm's Director of Business Development for the West Coast region of the US, focusing on litigation, construction and liability. She is based out of our Los Angeles office although domiciled in the Greater Phoenix, AZ area.

She has more than 30 years of experience in the insurance and legal industries, including 24 years in Business Development and Management roles. Her early career in claims handling provided a strong foundation for building relationships and understanding the needs of clients in both the insurance and legal communities. Dawn is known for her commitment to client service, acting as a trusted advisor and responding with urgency and care.

Before joining MDD, Dawn spent nearly two decades with Rimkus, supporting clients with forensic engineering services ranging from investigative work to full litigation support. Her extensive background in forensics gives her a deep understanding of the expert needs of her clients and the importance of matching the right specialist to each assignment.

On her free time, she serves as a dedicated board member of Mother's Grace, helping guide its mission to support women and families in crisis. Dawn also lends her leadership to the board of Amanda Hope Rainbow Angels, an organization that supports families as their children undergo cancer treatment, providing steady care and practical help during an incredibly difficult time.

Dawn earned her bachelor's degree in criminal justice from Louisiana State University.

Industry Experience

> Construction

Practice Areas

> Liability Losses
> Construction Litigation
> Litigation Support
