

Emma Berry

ACA, CVA | Manager

Emma Berry is a Manager in MDD Forensic Accountants' Charlotte office. Since joining the firm in London in 2019, she has specialized in the measurement and evaluation of economic damages arising from a wide range of insurance claims and disputes.

Emma has experience in the quantification of losses relating to **business interruption, contingent business interruption & extra expenses, cyber risks, employee dishonesty & fraud, stock and contents losses, builders risk & soft costs, and lost profits**. She has worked across a variety of industries, including **retail, manufacturing, oil & gas, hospitality & tourism, transportation, and healthcare**.

Her expertise also includes **catastrophe**-related claims arising from events such as Hurricane Helene and the COVID-19 pandemic. In addition, Emma has delivered presentations on business income losses and stock losses.

Emma earned a degree in Financial Mathematics from the University of Nottingham in the United Kingdom and graduated in 2019. She is a Chartered Accountant (ACA) and a Certified Valuation Analyst (CVA).
